- Html
- Css
- Javascript
- Php
- MySQL
- OOPS
- Python
- GIT

EDUCATION

B.SC CS- Computer Science
2021 - 2024
Vhnsnc College
CGPA - 7.82

HSC
2020-2021
S.B.K Boys Hr Sec School
CGPA - 7.99

CERTIFICATION
Introduction to web Development
@Coursera

PROFILE SUMMARY
As a fresher Front End Developer proficient in HTML, CSS, JavaScript, Bootstrap, and React, I am eager to contribute to innovative companies by creating responsive, user-friendly interfaces. Passionate about leveraging emerging technologies and collaborating effectively in team environments.

PROJECT

Project - 1
Shortest Route Finder Using Dijkstra's Algorithm
(Python)

- Implemented a route optimization tool using Dijkstra's algorithm to compute the shortest paths in a weighted graph.
- Utilized Python for algorithm implementation, focusing on efficient data structure management and priority queue operations.
- Conducted rigorous unit testing to validate the accuracy and reliability of pathfinding results.
- Demonstrated strong problem-solving skills and algorithmic proficiency in delivering a robust solution for route optimization.

Project - 2
Restaurant Management System

- Developed a Restaurant Management System using HTML, CSS, and JavaScript for frontend development.
- Implemented backend logic with PHP and utilized MySQL for database management.
- Integrated features including menu management, order processing, and inventory control to streamline operations and enhance business efficiency.

SOFT SKILLS

1. **Communication**: Effective communication to facilitate collaboration and understanding.
2. **Teamwork**: Strong team player with a history of successful group contributions.
3. **Adaptability**: Quick to adjust and thrive in changing environments.
4. **Problem-Solving**: Proactive in identifying and resolving complex issues.
